Minutes of Apex Committee Meeting held on 3rd June 2025 in hybrid mode for consideration of Annual Action Plan of States under the Scheme of "Support to TRIs" during FY 2025-26.

A meeting of the Apex Committee under the chairmanship of Secretary (Tribal Affairs) was held at 3.00 PM on 3rd June 2025 in hybrid mode to appraise and approve the Annual Action Plans for the states of Andhra Pradesh, Goa, Jharkhand, Kerala, Ladakh, Telangana, Rajasthan, Uttarakhand, Odisha (including NTRI), Mizoram, Meghalaya, Maharashtra, Karnataka, Chhattisgarh, Assam, Arunachal Pradesh and Tripura under the scheme: "Support to TRIs" during FY 2025-26.

2. At the outset, JS (TRI) welcomed all participants after which each TRI made a presentation on the Annual Action Plan proposal. Based on the appraisal and discussions, following points emanated in the meeting:

- a. On the agenda relating to Annual Action Plan proposals of TRIs, it was emphasized that TRIs should move away from the traditional way of sending of proposals and instead focus on proposals containing projects related to livelihood, socio-economic development, education, entrepreneurship, capacity building, exchange visits etc.
- b. States/ UTs shall ensure proper implementation of the sanctioned projects/ activities and to ensure timely submission of Utilization Certificates and proper compliance of SNA-Sparsh Model as per the extant rules issued by the M/o Finance from time to time.
- c. STA has raised concern over the understaffed/ shortage of manpower in TRIs in general and directed that immediate step needs to be taken to bridge the manpower gap in TRIs. He further stated that if the situation persists, financial assistance to TRI (s) would be revisited taking into account the adequacy/proportionate staffing of the TRI (s) as compared to the sanctioned posts.
- d. TRIs to prepare a write up for each completed projects sanctioned under the scheme "Support to TRIs" and to upload the same on the designated portal of the Ministry.
- e. With regard to the trainings imparted, the committee opined that there has to be a database of the trainees as they can be a point of contact for the TRIs in areas they are trained and can also be utilized in furthering/ as multipliers for schemes/ initiatives of the Ministry at the District/Block/village level.
- f. With reference to the handicraft related projects, the Secretary was of the considered view that more growth and increase in income can be achieved in the tribal handicraft products if more emphasis is laid on designing aspects of tribal products. STA has underlined that reputed institutions like National Institute of Design (NID) should be onboarded to enhance the appearance and design of tribal products and to add value to these products.
- g. Each activity in the annual action plan should have measurable outcomes, clearly stating the number of beneficiaries targeted. A follow up action plan should be devised to ensure that the impact is sustainable and that the tribal participants in these events ultimately get the benefit designed for them.

- j. All approved research projects must include a Detailed Project Report (DPR) with clear timelines, actionable objectives, and expected outcomes as well as actionable recommendations, preferably accompanied by a pilot project based on these recommendations.
 - k. The committee directed all the TRIs that the projects sanctioned before March 2024 but not started till date shall be surrendered. Should the TRI want to continue with any past projects, they need to come up with solid/sound rationale reason and take an approval from the Apex committee. The funds sanctioned for such proposals shall be reallocated by the Apex committee.
 - l. The Ministry has launched a capacity building program - **ADI KARMAYOGI ABHIYAN**, to create field level leadership and sensitisation of officers and stakeholders to ensure that the Ministry's schemes are owned up by them resulting in demand generation and effective implementation of schemes leading to tribal development. All TRIs are directed to include "Refresher Course" for already trained Master trainers and "Process Lab" for new State Master Trainers (SMTs)/ District Master Trainers (DMTs)/ Block level master Trainers (BMTs)/village officials in their Annual Action Plan and ensure the sustainability of the Abhiyan.
 - m. TRIs shall carry out impact evaluation studies of PM JANMAN scheme in consultation with the TWD of the State. The proposal once finalised shall be approved by the APEX committee for funding.
 - n. All TRIs to spearhead the awareness campaign PM JANMAN, Dharti Aabha and Janjatiya Gaurav Varsh by involving NGOs, Educational Institutions, SHGs, Volunteers etc. to disseminate information on DA-JGUA and other initiatives of the Ministry. Director, TRIs should consider giving media bytes as part of the IEC Campaign. Besides, bytes of VVIP, VIP and other dignitaries of the state may also be taken to amplify the awareness campaign so as to reach the last mile. The idea is to create a buzz through all possible tools. The network of TRIs and the organization it works with, the NESTS are be engaged to give a multiplier effort to the campaign.
