## Meet our mentors

### WALK THE TALK WITH OUR MENTOR

When we talk about ordinary people bringing about extraordinary change and leading by example, we cannot afford to miss out on Ms. Surya Kala Moturi from Hyderabad. With an extensive experience of 20 years into corporates, she is grounded and believes in the philosophy of minimalism. She is committed towards the development of not just our country's farmers but also women and children from the tribal community and is working for their upliftment. As a responsible individual, she consciously keeps her carbon footprint to the minimum, leading a simple lifestyle, not owning a vehicle, zero chemicals usage and also not installing ACs or even fans. She celebrates farmers day every year on 23<sup>rd</sup> December & also encourages each of us to adopt a farmer because it's the farmer who helps us survive.
